

# How To Get The List ID And Activate The API From Your Stealth Seminar Account

Check out the below instructions to set up your Stealth Seminar account correctly.

**Step 1:** Log in to your Stealth Seminar account.

**Step 2:** Click "MY EVENT" and go to "Event List".

**Step 3:** Click on the name of your event list.

The screenshot shows a dashboard titled "My Events". At the top right, there are navigation links for "Home", "My Events", and "All Categories", along with a search bar. Below the header, there are two event listings. The first listing is titled "FHO seminar" and has a red arrow pointing to it. The description below it says "This is a copy of our actual webinar. Please feel free to take a peek to see how it operates for yourself." and "Type: 'Stealth' Recorded Webinar Start Date: 2012-02-14 Repeat: Yes". To the right of the title and description are several blue icons for actions like play, refresh, add, and delete. The second listing is titled "Power of Live & Automated Webinars + StealthSeminar Insider Tour" and has a similar description and icons.

**Step 4:** You can find the "List ID" from the browser.

The screenshot shows a web browser window with the title "Stealth Seminar Control Pa x". The address bar contains the URL "www.stealthseminar.com/editor/events.php?editSeminar=1&id=7d6eda0a94". The "id=7d6eda0a94" portion of the URL is underlined in red. Below the browser window, the "StealthSeminar VIP" logo is displayed on a dark blue background.

**Step 5:** Next, go to "VIP Options".

The screenshot shows a vertical sidebar menu with several options, each with a plus sign on the left and a speech bubble icon on the right. The options are: "Webinar Content", "Scheduling", "Webinar Options", "Call to Actions", "Registration Page", "Marketing Automation", "VIP Options", and "Advanced Options". The "VIP Options" option is highlighted with a red border.

**Step 6:** Make sure that the "Stealth Seminar API" is activated. (Note: extra cost might be applied).

**VIP Options**
