

How to Give Away A Free Product After Your Customers Opt-in (full content)

Want to give a free product to your customers after they opt-in? Don't worry, you can set it up easily. Make sure that you have set up your product properly. It's should be a free product which means it should not have any payment options.

Let's see how.

Step 1: Go to "**Setup**" and click on "**Products**". Enter the name and click on "**Create New Product**".

Step 2: If you want to rename the product, enter the new name in "**Product Name**". You have an option to write down the short description or put any code of the product. This is for your reference only. You can leave it blank if you wish. Choose the most suitable "**Category**" from the dropdown element.

General	
Product Name	<input type="text" value="Product Two"/>
Description (optional)	<input type="text"/>
Code (optional)	<input type="text" value="0210"/>
Category	<input type="text" value="E-Books"/> ▼

Step 3: In the "During your customer's buying process" section, click "Yes" if the shipping address is required. Else, click on "No".

During your customer's buying process	
Shipping address required?	<input checked="" type="radio"/> Yes <input type="radio"/> No <small>(ie. your product is a DVD, Book, etc...)</small>
Send shipping information to Shipping Company	<input type="radio"/> Yes <input checked="" type="radio"/> No

Step 4: If you agree to require the shipping address, then you will be able to choose to "Send shipping information to Shipping Company". Click "Yes" if you wish. Else click "No". If you click "Yes", you need to enter the e-mail address where you want the shipping document to be sent to in "Shipping Company Email". Fill in any number in "Send shipping info every" to specify the exact timing to send out the shipping document.

During your customer's buying process	
Shipping address required?	<input checked="" type="radio"/> Yes <input type="radio"/> No <small>(ie. your product is a DVD, Book, etc...)</small>
Send shipping information to Shipping Company	<input checked="" type="radio"/> Yes <input type="radio"/> No
Shipping Company Email	<input type="text" value="shipping@fusionhq.com"/>
Send shipping info every	<input type="text" value="1"/> Day(s)

Step 5: In the "Create Digital Download Link", if you have any downloadable products that you want to give to your customers, please click "Yes". If you don't have, click "No".

After Your Customer has Purchased	
Create Digital Download Link	<input type="radio"/> Yes <input checked="" type="radio"/> No <small>(ie. if your product is software, an ebook or other downloadable video or audio files) if you enter filename, we'll tell you how to upload these when you upload your website or you can enter url of the file that you already have uploaded.</small>
Send an email to your customer?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Send me a notification email	<input checked="" type="radio"/> Yes <input type="radio"/> No

Step 6: For "Yes" option, you need to enter either the name of your files (*no spaces needed*) with the correct extension (*example: .pdf .avi .jpeg .mp3*) or the url of your uploaded file in the box. You can add more than 100 hundred files in a product. Click the "+" green icon to add more input boxes. In the download link validity section, set the number of days of your download link validity. Set to zero (0) if it is valid indefinitely.
