

How to Insert Images to Your Page

It's very easy to upload an image to your website. Make sure that your image is well prepared. You cannot edit or customize the image within FusionHQ.

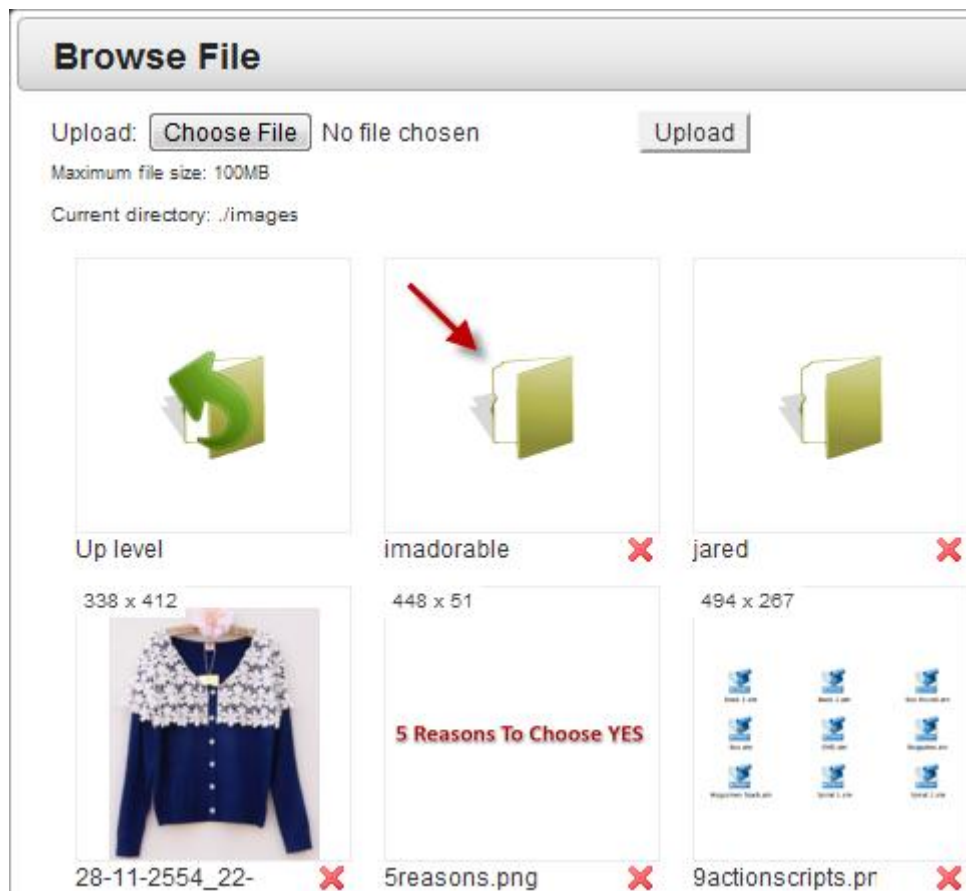

Step 1: Go to the page where you want to insert the image.

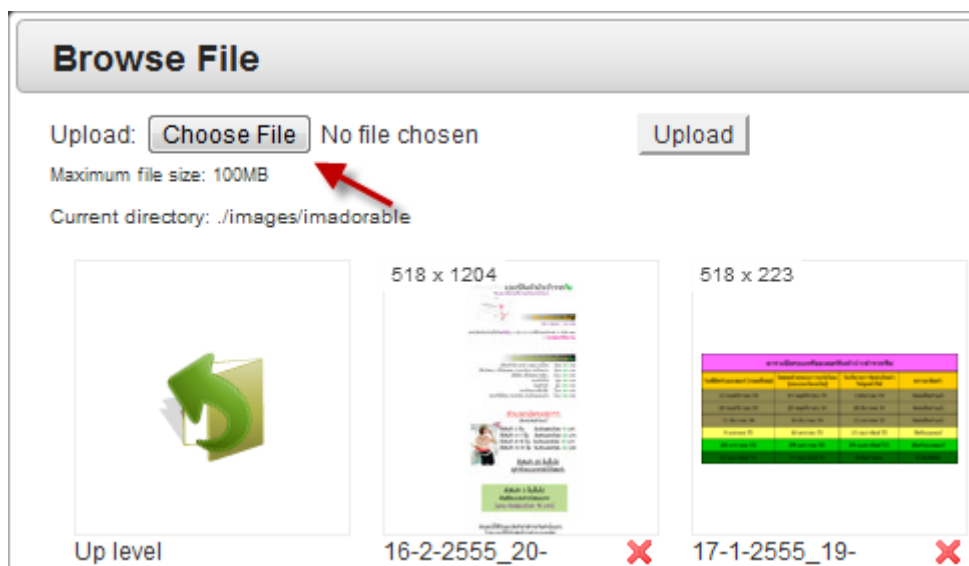

Step 2: At the "Drag & Drop" module, select "Image" option.

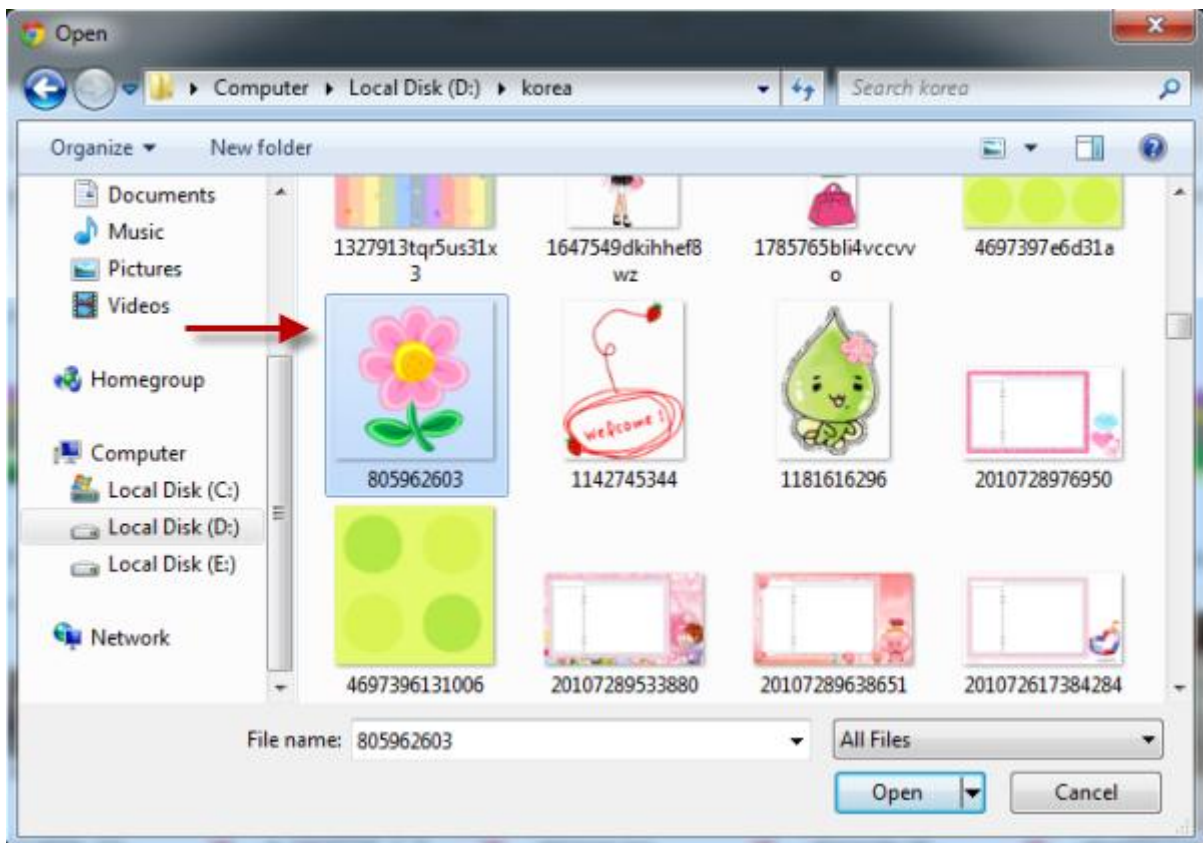

Step 3: Select the folder where you want to upload the image to.

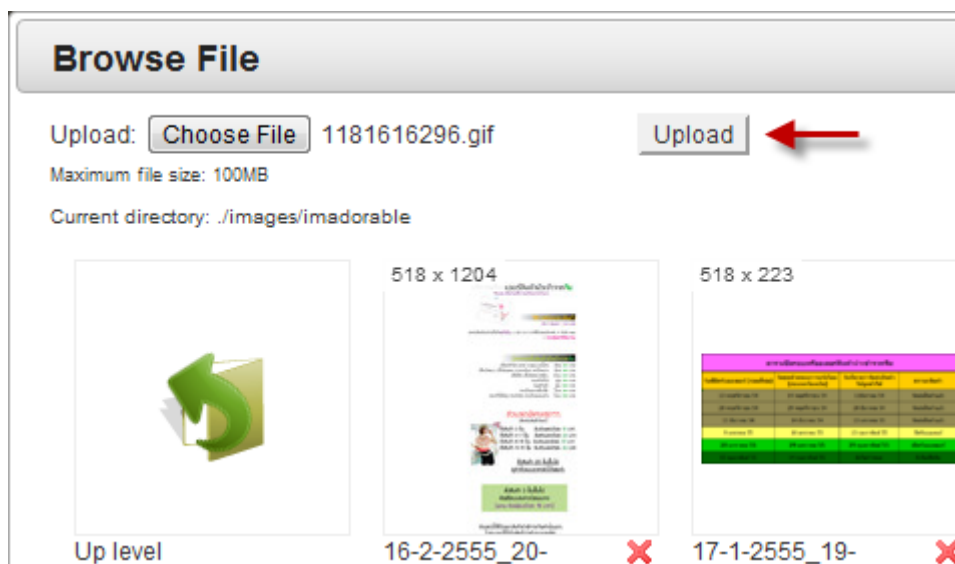

Step 4: Click "Choose File".

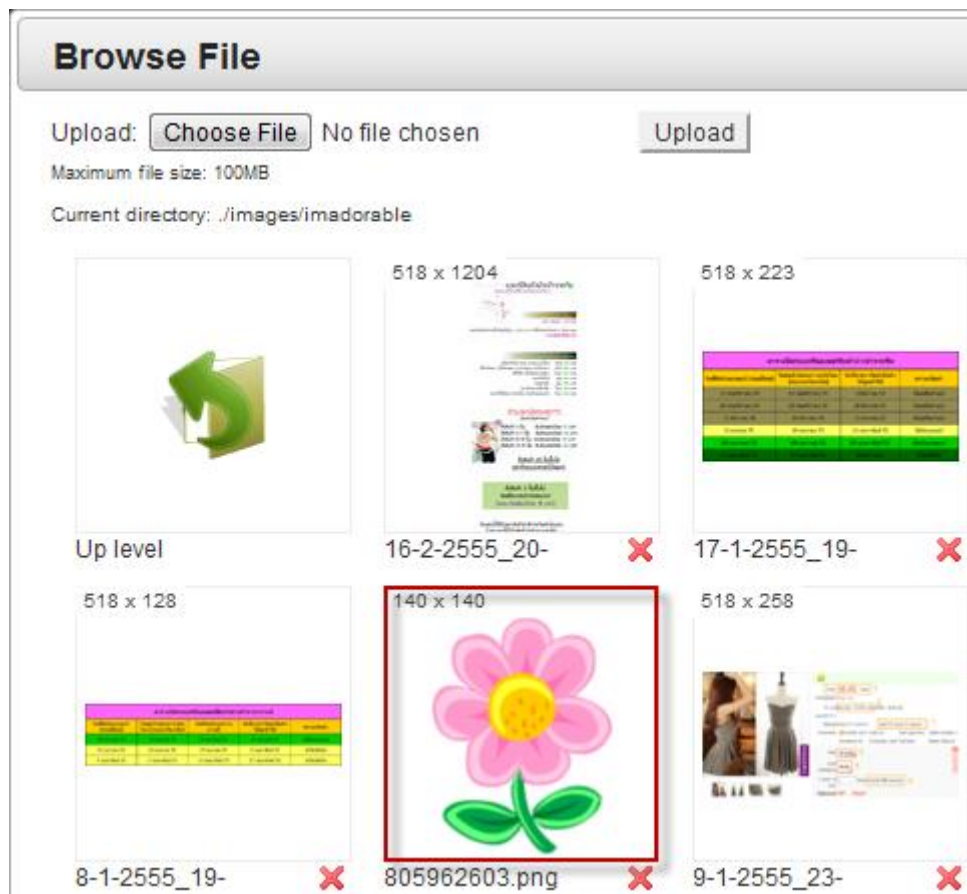

Step 5: Select the image from your computer.

Step 6: Click "Upload" button.

Step 7: Once the image is uploaded, you just need to click on the image.

Step 8: The image now shows on your page. Click "Save" to keep changes.
