

# How to Set Up Your DigiResults Account

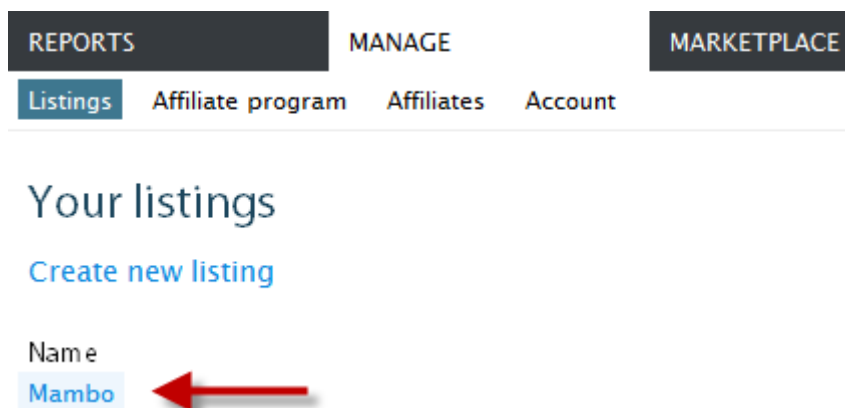

Set up your DigiResults account correctly so it works well with FusionHQ.

**Step 1:** Log in to your "DigiResults" account.

The image shows the DigiResults login interface. At the top, there is a dark blue header with the DigiResults logo (a checkmark in a circle) and the text "DigiResults". Below the header, the words "Log in" are displayed in a large, white, sans-serif font. Underneath, there are two white input fields: the first is labeled "Email address" and the second is labeled "Password". At the bottom of the form, there is a grey button with the text "Log in".

**Step 2:** Go to "Manage" and then "Listing". Click on the listing name.

The image shows the "Manage" section of the DigiResults dashboard. At the top, there are three main navigation tabs: "REPORTS", "MANAGE", and "MARKETPLACE". Under the "MANAGE" tab, there are four sub-tabs: "Listings", "Affiliate program", "Affiliates", and "Account". Below the sub-tabs, the heading "Your listings" is displayed. Underneath, there is a link "Create new listing". A table lists the listings, with the first entry having the name "Mambo". A red arrow points to the "Mambo" text.

| Name  |
|-------|
| Mambo |

**Step 3:** At the "Product" section, click "Edit Product".

**Step 4:** Edit the "Direct receipts".
