Step 4: Click "Basic Settings".

- Home
- Create Autoresponder
- Autoresponder Options
- Summary
- Basic Settings**
- Default Settings
- Edit Profile
- Delete Autoresponder
- Generate Signup Form
- Generate Copy of Responder
- Prospects
- Messages
- Import
- Export
- Reports
- Search Prospects Globally
- Export Prospects Globally
- User Guide

Step 5: Scroll down to the "**Subscription Thank You Page**" section. Inside the "**Subscription Redirect URL**" field you need to insert the URL from FusionHQ. Our system will automatically direct the URL to the page where the Yes 1 link inside FusionHQ is. This is the page that your clients will see after opting-in.

Here it is: <http://www.fusionhq.com/index.php?act=optin&todo=chainredirect>

Subscription Thank You Page
This is the page your prospects will see immediately after filling in your form.

If you have created a custom "Thank You" page on your own website, click in the Redirect URL radio button and then type the address of your "Thank You" page in the text box next to it.

If you don't already have a thank-you page, you can use the default page below but it **MUST** be edited to reflect YOUR information.

First you must select the Edit Your Thank You Page radio button. Then in the text box below, you can edit the existing page or create a new one. The formatting box will allow you to edit the look and feel of your page.

Subscription Redirect URL

Edit Your Subscription Thank You Page:
Subscription Thank you Text

Step 6: Go to the "**Confirmation Thank You Page**" section. Here you need to type in the URL of the page you would like your customers to visit after they've clicked on the confirmation link that is emailed to them. This could be your "**Thank You**" page created inside FusionHQ or any other page.

Confirmation Thank You Page
This is the page your prospects will see after they click the verification link sent in the confirmation email.

If you have created a custom "Thank You" page on your own website, click in the Redirect URL radio button and then type the address of your "Thank You" page in the text box next to it.

If you don't already have a thank-you page, you can use the default page below but it **MUST** be edited to reflect YOUR information.

First you must select the Edit Confirmation Thank You Page radio button. Then in the text box below, you can edit the existing page or create a new one. The formatting box will allow you to edit the look and feel of your page.

Confirmation Redirect URL

Edit Confirmation Thank You Page:
Subscription Confirmation Text

Step 7: Find the ID number by hovering over "View Details". This ID number will be shown at the bottom of the browser.
