

# How to Setup the 3rd Party Payment Profile

Currently, FusionHQ has integrated with several payment gateways so you can have the alternatives for your payment options. We have integrated with Paypal, ClickBank, 1ShoppingCart, 2Checkout, Authorize.net, WSO Pro, DigiResults and Adyen.

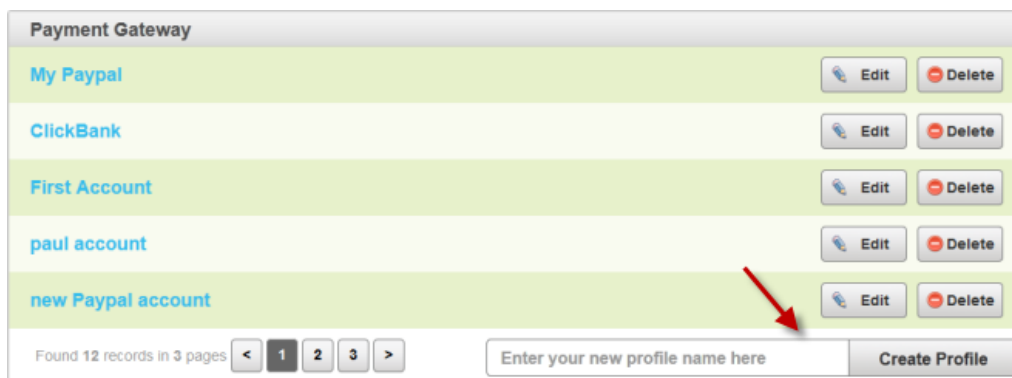

To use these providers, you need to create the 3rd party payment profile and fill in all needed information so our system can work with these service providers properly.

Here's how:

**Step 1:** Go to **"Setup"** and then **"3rd Party"**.

**Step 2:** Inside the **"Payment Gateway"** section, enter a name and then click **"Create Profile"**. The name you choose, is for your reference only.

**Step 3:** Choose a provider from the drop-down menu.

**Edit Profile** [X]

Name: *(for your reference only)*

Provider: PayPal [v]

Merchant Email:

use Paypal advanced integration feature

*Please ensure that your PayPal are set up correctly so that it performs well with FusionHQ payment system. Click [here](#) for more information.*

**Step 4:** For "Paypal" users, you only need to insert your "Merchant E-mail". For adaptive payment, enable the "use Paypal advanced integration feature" option and fill in the "Merchant Account ID", "API Username", "API Password" and "API Signature".

**Edit Profile** [X]

Name: *(for your reference only)*

Provider: PayPal [v]

Merchant Email:

use Paypal advanced integration feature

Merchant Account ID:

API Username:

API Password:   Show Characters
